## WORK EXPERIENCE

She was born and lived in Beja and at the age of 20 she went to Lisbon where she graduated in Dance, at the **Faculty of Human Motricity** and in acting at **ACT – Escola de actors**.

While finishing the latter she was already working as a resident actress at the theater company **A Barraca**, where she stayed for 4 years in different productions by M<sup>a</sup> do Céu Guerra, Rita Lello and Heldér Costa.

From then on she worked with producers such as Filipe La Féria, Plano 6, TIO, Yellow star Company, among others. She was part of the cast of the immersive show **Museum** by the company **Break a Leg** and also in **Harry Potter** – the exhibition, produced by Everything is new.

Since 2010, she has had the opportunity to be part of the cast of some soap operas, video clips, series and films, working with different directors, such as: Leonel Vieira, Duarte Teixeira, Jorge Paixão da Costa, Fernando Ávila, Manuel Amaro da Costa, António Pedro Vasconcelos and more recently with Patrícia Sequeira for the series "ERRO 404".

She is currently in rehearsals for the show "**As Troianas**" with the company **Gato Escaldado** and for "**Claus**" with the producer Luis Lourenço productions, continuing to look for new experiences, so that she can meet new people: actors, directors, directors and producers, because she sees the work of an actor as a fickle constant to obtain more knowledge.
